Cement Lime Gypsum  
Zement Kalk Gips

[www.zkg.de](http://www.zkg.de)

## EVENTS

<b>Big Bang Theory ... and Practice</b> Dr. Hubert Baier, ZKG International .....	1-2/20
<b>Cement. Concrete. Dry Mixtures celebrated its XV. anniversary</b> International Construction Forum, Moscow/Russia .....	1-2/24
<b>Successful conference days</b> 19 <sup>th</sup> AUCBM Conference, Marrakesh/Morocco .....	1-2/26
<b>Global lime business gathers on the Pacific coast</b> International Lime Association (ILA), Vancouver/Canada .....	3/24
<b>Outstanding projects for biodiversity promotion honored</b> HeidelbergCement.....	4/36
<b>Present and future of PCE</b> 1 <sup>st</sup> Symposium on Advanced PCE Studies, TU Munich.....	5/22
<b>De-carbonization of the global economy – what do we need?</b> Delhi Sustainable Development Summit 2015, New Delhi/India .....	5/24
<b>Integrated industry takes Hannover Messe to new heights</b> Hannover Messe, Hannover/Germany .....	6/24
<b>Successful 57th Cement Industry Technical Conference</b> Fischer, Anett, ZKG International .....	6/27
<b>Step by step towards alternative fuels</b> 1 <sup>st</sup> Loesche seminar, Vienna/Austria.....	6/30
<b>Between rotary kiln and speed dating</b> ZKG Technical Excursion, Lengerich/Germany .....	7-8/28
<b>Celebration of 90th anniversary</b> Christian Pfeiffer .....	7-8/32
<b>Deepening the industry dialog and expanding trading opportunities</b> Ashtrade Europe 2015 .....	7-8/33
<b>Mixed economic situation in the lime industry – substantial risks for the future</b> Federal Association of the German Lime Industry, Fuschl am See/Austria .....	7-8/34
<b>Everywhere satisfaction with the economic development</b> Thermoprocess – 11 <sup>th</sup> International Trade Fair and Symposium for Thermoprocess Technology, Düsseldorf/Germany.....	7-8/36
<b>Continuous innovation to meet customer needs</b> Eurosac Congress, Barcelona/Spain.....	7-8/37
<b>Building material – fundamentals and use in a scientific focus</b> 19 <sup>th</sup> Ibausil, Weimar/Germany .....	11/18

## Environmental policy targets a great challenge for the German cement industry

Annual VDZ Cement Conference, Düsseldorf/Germany..... 12/13

## Sustainable cement production the focus of Turkish cement producers

13<sup>th</sup> TCMB, Antalya/Turkey .....

## COVER STORY

## Perfectly integrated into the environment

Beumer Group .....

## ENGINEERING

## Multi-criteria decision-making model for establishing the optimal typology for clinker storage silos

Martin-Utrillas, Manuel; Azorin-Carrion, Antonio;  
Canto-Perello, Julian; Curiel-Esparza, Jorge .....

## Greater productivity in the industry thanks to digitalization

Siemens.....

## Latest projects in SWAP technology for long filter bags

Bedeschi.....

## Lifecycle orientation in industrial facility construction

Dombrowski, Uwe; Schulze, Sven; Mielke, Tim.....

## Promoting managerial skills in the production environment

Hölz, Hubert.....

## Reduced emissions by optimizing the efficiency of filter bags

Carius, Thomas; Lauer, Jürgen; Kreiser, Sabine .....

## Does it make sense to think about extending the design lifetime of deteriorating concrete structures?

Nasr, Tarek.....

## Technology in quarry operations

Sauer, Peter-Valentin.....

## Drive train condition monitoring

Deckers, Jörg.....

## The Three-Level-Conversion-Strategy

Müller, Peter .....

## From obedience to responsibility: the mid-market needs a new management culture

Hölz, Hubert.....

## The future is today

Siemens AG .....

## Efficient gas clean-up for the cement industry

Gea Bischoff GmbH (GEA Deutschland) .....

**PRODUCTS**

Wheel excavators with better performance and lower costs  
Caterpillar..... 1-2/10

Full range of customized lubrication  
SKF..... 1-2/11

Faster donning and greater freedom of movement  
Honeywell ..... 1-2/11

For site cleanliness and equipment efficiency  
Dust Control Technology ..... 1-2/12

Designed for safety and easy maintenance  
Martin Engineering..... 1-2/13

Low maintenance conveyor belt plows extend tail pulley life  
Martin Engineering..... 1-2/14

Best belt technology  
Aumund ..... 1-2/16

Reinforcement increases service life for heavy work  
Contitech..... 1-2/18

Sample prep to spectral analyses – fast and reproducible  
Retsch..... 1-2/18

Warehouse management systems as part of system competence  
Beumer Group ..... 3/8

Samson Feeder in new operation modus  
Aumund ..... 3/10

Slider cradles designed to reduce conveyor spillage and belt wear  
Martin Engineering..... 3/14

Solidia gets contribution from DOE for utilization of CO<sub>2</sub> in high-performance building and infrastructure products  
Solidia Technologies ..... 3/16

New information platform on sustainability in German cement industry  
VDZ..... 3/17

New ARCOS spectrometer surpasses performance limitations  
Spectro Instruments ..... 3/18

Paving stones clean city air  
Steag ..... 3/20

Microscopic force increased  
NT-MDT ..... 3/22

Web-based printing supervision and configuration platform  
Wiedenbach ..... 3/23

New options, operator features, and improved fuel efficiency  
Caterpillar..... 4/14

Software helps to reduce mining truck weight  
Siemens/Liebherr ..... 4/16

Always well lubricated, even under extreme conditions  
SKF..... 4/18

New belt cleaner design reduces cost of ownership  
Martin Engineering ..... 4/22

Targeted dust control for low-turbulence applications  
Dust Control Technology ..... 4/24

Belt bucket elevator for grain sizes up to 80 mm  
Aumund ..... 4/26

Controlling FGD gypsum moisture online  
ACO Automation Components..... 4/28

Liebherr Rental Services releases new app  
Liebherr..... 4/32

Next generation  
Siemens ..... 4/32

Fast and frequent stockpile volume reporting  
Maptek ..... 4/33

Rain-resistant Splash Bag launched  
Mondi..... 4/34

Reliable on-site identification, elemental analysis and screening  
Spectro ..... 4/35

Work safety in all areas of rock quarrying  
Sandvik ..... 5/12

Custom work cell to mold conveyor belt cleaners  
Martin Engineering..... 5/12

Domes of the Middle East  
Geometrica ..... 5/14

New series of planetary gear units offers highest efficiency in its class  
Siemens..... 5/15

New Integra FFS covers all three dimensions: product, packaging and weight  
Haver & Boecker ..... 5/16

User-friendly safety relays  
Siemens..... 5/17

New sustainable cement from Holcim White  
Holcim White ..... 5/17

W & H delivers 300th palletizing robot Arcomat to the paper sack industry Windmüller & Hölscher .....	5/20	Compact two-colour pyrometer with display and keyboard Keller MSR.....	7-8/24
Rohrdorfer Group modernizes mill drive with Sinamics Siemens.....	5/21	Ultrasonic measurement system revolutionizes cement and gypsum R & D Ultratest .....	7-8/26
Continental signs a cooperation agreement with Siemens and ThyssenKrupp Contitech.....	6/10	Cement plant resolves hopper clogging with air cannon flow solution Martin Engineering .....	9/18
Siemens drives forward the Digital Enterprise Siemens.....	6/12	Trailer-mounted dust suppressor with dedicated power source Dust Control .....	9/20
External wear liner delivers safer installation and maintenance Martin Engineering.....	6/14	Health and safety in lime quarrying Zeppelin .....	9/22
Moisture content measurement with Litronic-FMS Liebherr.....	6/15	Designed for the outdoors Caterpillar.....	9/24
GaliPIX 3D – a new detector for X-ray diffraction with hard radiation Panalytical .....	6/16	XP planetary gear units from a modular system SEW-Eurodrive.....	9/26
eANVterminal: Self service accelerates procedures Fritz & Macziol .....	6/17	Further progress in the evolution of industrial paper bags Mondi Industrial Bags .....	9/26
Prognostics provide a precise time frame Cassantec .....	6/18	Open cloud platform for industrial customers Siemens AG .....	9/26
New rotary screw vacuum pumps with variable speed drive provide 50% energy savings Atlas Copco .....	6/19	Cost-efficient solution for fine particulates emissions and explosion safety Donaldson .....	10/12
New gravimetric measuring system with on-site evaluation Dr. Födisch Umweltmesstechnik.....	6/20	Highly efficient water repellent for gypsum drymix mortars Wacker.....	10/13
Expanded hydraulic excavator versatility Caterpillar.....	7-8/16	Lower cost and higher planning security for the cement industry Cassantec .....	10/14
Advanced thermal combustion monitoring HGH Infrared.....	7-8/17	New high-precision weighing platforms Mettler Toledo .....	10/15
New high-efficiency rotor for cement works saves 23% energy Venti Oelde.....	7-8/18	12 Watt portable telescoping light pole Larson Electronic.....	10/15
Zetium combines multiple X-ray technologies in one system Panalytical .....	7-8/19	XRD-Mill McCrone – rapid particle size reduction for X-Ray diffraction Retsch.....	10/16
Rock analysis on the moving conveyor belt Metso .....	7-8/20	Cat Inspect mobile app improves machine inspection process Caterpillar.....	10/16
A new generation of test sieve shakers Haver & Boecker .....	7-8/22	Complete solution for emission problems Frutiger .....	10/17
Continuous digital measurement of heat exchangers Mycon .....	7-8/23	Super heavy-duty conveyor belt cleaners for severe operating conditions Martin Engineering.....	11/10

Precision screening with elliptical motion  
Metso ..... 11/12

New rotary kiln enables simple dismantling  
and changing of the heating tube  
Carbolite ..... 11/13

Simatic Migration Services make machines  
and systems future-proof  
Siemens..... 12/12

Turnkey temperature monitoring system  
for wallboard production  
Fluke Process Instruments ..... 12/12

## INTERVIEW

After one year of new impressions  
Beumer Group GmbH & Co.KG, Beckum/Germany ..... 1-2/40

HAYER ADAMS – tight, clean, profitable...  
and award-winning!  
Haver & Boecker ..... 3/26

A new record: seven years without an accident  
Leube..... 3/29

Cement plant of the future  
Haver & Boecker ..... 4/38

Construction Chemistry at TU München  
Prof. Dr. Johann Plank ..... 9/30

Mercury emission reduction at Wietersdorf cement plant  
Dipl.-Ing. Florian Salzer ..... 9/34

The ReduDust process – production of salt in the cement  
plant  
Dr. rer. nat. Ernst-Michael Sippl ..... 11/28

Ten questions for M. Sefik Tüzün  
M. Sefik Tüzün, Chairman of the Board,  
Turkish Cement Manufacturers' Association..... 12/16

## PLANT REPORT

Road Maintenance & Safety  
Sauter, Peter-Valentin, Caterpillar, Geneva/Switzerland ..... 1-2/27

Energy gained by downhill limestone transport  
Beumer ..... 1-2/27

Europe's longest conveyor  
Contitech/Techmi ..... 1-2/38

Lime white in the shadow of the castle – for generations!  
Sandvik/Märker ..... 4/42

Cimfaso selects Haver & Boecker  
for a turnkey cement plant in Burkina Faso  
Haver & Boecker ..... 6/34

A new point of view in cement plant operations  
Lamare, Thomas; Moser, Michel ..... 7-8/44

Without ships nothing would run in Richmond  
Lafarge North America..... 11/14

## PROCESS

A simple sampling method for VRMs  
Aydoğan, Namik A. .... 3/50

Energy efficiency in the German cement industry  
against the background of more stringent energy policy  
targets and rising energy costs – Part 1  
Brunke, Jean-Christian; Blesl, Markus ..... 3/56

Energy efficiency in the German cement industry  
against the background of more stringent energy policy  
targets and rising energy costs – Part 2  
Brunke, Jean-Christian; Blesl, Markus ..... 4/72

High time for high temperatures  
Dobrowsky, Martina..... 5/56

Technology improvement of production  
of sulfuric acid integrated with cement  
from phosphogypsum  
Xueping, Peng; Jinbo, Zhu; Tao, Guo; Xiaoping, Wu; Haiquan, Sun .... 7-8/66

Simulation of limestone calcination in normal shaft kilns –  
mathematical model  
Hallak, Bassem; Herz, Fabian; Specht, Eckehard;  
Gröpler, Robin, Warnecke, Gerald ..... 9/66

Simulation of limestone calcination in normal shaft kilns –  
Part 2: Influence of process parameters  
Hallak, Bassem; Herz, Fabian; Specht, Eckehard;  
Gröpler, Robin, Warnecke, Gerald ..... 10/46

Doing more with less: the cement sector using waste  
as a resource  
World Business Council for Sustainable Developments (WBCSD),  
Cement Sustainability Initiative (CSI) ..... 10/58

Unveiling the “invisible” AFR co-processing limitations  
Bretz de Souza, Joana; Abbas, Tahir ..... 10/66

A green building in a grey cement plant –  
transforming bypass dust into industrial salt  
with the ReduDust Process  
Sippl, Ernst-Michael; Müllner, Johannes ..... 11/32

Key factors to minimize emissions from parallel  
flow regenerative lime kilns  
Piringer, Hannes..... 11/44

Effect of ball load and size distribution on grinding and classification performance Genc, Ömürden .....	12/40
---	-------

Automation optimizes fuel supply Hillbrand, Christoph .....	12/52
--	-------

## Markets and Trends

Lafarge-Holcim's cement rivals in Africa Onestone Consulting S.L. ....	1-2/42
---	--------

More resource efficiency helps European businesses European Commission .....	3/32
---	------

Lafarge-Holcim's cement rivals in the Americas Onestone Consulting S.L. ....	3/36
---	------

Turkish cement industry still on growth course Bagoglu, Necip C. (Germany Trade & Invest).....	5/36
---	------

Russia threatened by severe recession in the construction industry Germany Trade & Invest.....	5/39
---	------

European construction equipment sector is picking up CECE – Committee for European Construction Equipment.....	6/40
---	------

Impact of clinker coolers on downstream equipment Onestone Consulting S.L. ....	7-8/50
--	--------

Prospects of the GCC cement industry Onestone Consulting S.L. ....	9/46
---	------

Recovery of India's cement industry Onestone Consulting S.L. ....	10/20
--	-------

The Indian cement sector – technological status and prospects National Council for Cement and Building Materials India.....	12/24
--	-------

Outlook of the white cement industry Onestone Consulting S.L. ....	12/28
---	-------

## Materials

Advances in Physical properties of C class fly ash cement systems blended nanographite – Part 2 Serkan Kirgiz, Mehmet .....	1-2/60
--	--------

The differences is in the detail Zumann, Michael .....	1-2/68
---	--------

Research on the influence of the carbon nanotubes injection method on cement composite properties Ibragimov, R. A.; Izotov, V. S.; Pimenov, A.I.....	3/46
---	------

Application of new types of retarders in improving the properties of FGD gypsum Zhenzhen Zhi; Baoguo Ma; Shouwei Jian; Yanfei Guo; Ying Su; Jian Huang; Hongbo Tan .....	4/46
---	------

Supernatant nanographite solution for advance treatment of C class fly ash cement systems – Part 1 Serkan Kirgiz, Mehmet .....	4/56
---	------

Cement quality control system: application of X-ray diffractometry Goswami, G.; Mohapatra, B. N.; Panigrahy, P. K.....	4/66
---	------

Supernatant nanographite solution for advance treatment of C class fly ash cement systems – Part 2 Serkan Kirgiz, Mehmet .....	5/42
---	------

Investigations of the hydration of calcium sulfate hemihydrate Sakalli, Yilmaz; Pritzel, Christian; Trettin, Reinhard.....	5/48
---	------

Set retardation of well cements Akstinat, Manfred .....	6/62
--	------

Microstructure model of fresh cement paste in the presence of superplasticizer Yanrong, Zhang; Xiangming, Kong; Lian, Gao; Feng, Chen; Feng, Xing .....	10/36
--	-------

About the sulfate resistance of slag composites Matthes, Winnie; Baalbaki, Moussa .....	11/54
--	-------

Service on every continent, around the clock Haver & Boecker .....	11/64
---	-------

## COMPANIES

Beumer Group celebrates another anniversary – 80 years of tailor-made and efficient customer solutions Beumer Group .....	12/20
--	-------

**A**

**Abbas, T.; Bretz de Souza, J.**  
Unveiling the “invisible” AFR  
co-processing limitations .....10/66

**Akstinat, M.**  
Set retardation of well cements .....6/62

**Aydogan, N. A.**  
A simple sampling method for VRMs .....3/50

**Azarin-Carrion, A.; Martin-Utrillas, M.;  
Canto-Perello, J.; Curiel-Esparza, J.**  
Multi-criteria decision-making model  
for establishing the optimal typology  
for clinker storage silos .....1-2/50

**B**

**Baalbaki, M.; Matthes, W.**  
About the sulfate resistance of slag composites .....11/54

**Baoguo M.; Shouwei, J.; Yanfei, G.; Ying, S.;  
Jian, H.; Hongbo, T.; Zhenzhen Z.**  
Application of new types of retarders in improving  
the properties of FGD gypsum .....4/46

**Blesl, M.; Brunke, J.-C.**  
Energy efficiency in the German cement industry  
against the background of more stringent energy  
policy targets and rising energy costs – Part 1 .....3/56

Energy efficiency in the German cement industry  
against the background of more stringent energy  
policy targets and rising energy costs – Part 2 .....4/72

**Bretz de Souza, J.; Abbas, T.**  
Unveiling the “invisible” AFR  
co-processing limitations .....10/66
