EVENTS

Successful 14th NCB International Seminar on Cement and Building Materials in New Delhi Bracht, Anke, ZKG International	1-2/14
Focus on environmental technology and process engineering development Bracht, Anke, ZKG International	3/24
Keywords: Alternative Fuels and Sustainable Development Dias Pereira, Christiane; Kasper, Olga	5/24
What's a cableway doing in a cement plant? Fischer, Anett	7-8/22
58 th Cement Industry Technical Conference Eschenhorst, Uwe	7-8/26
VDMA Technology Symposium in Tehran VDMA	7-8/28
Lime industry's economic mood restrained xxxxx	7-8/30
50 years of Loesche mills in Turkey – let's try again! Loesche	7-8/32
Opening the Mölles Group Academy Möllers Group	7-8/34
Paper sack innovations for present and future needs Eurosac Congress	7-8/35
One of the cleanest cement plants in the world Scheuch GmbH	7-8/36
A holistic approach Siemens AG	7-8/40
New DeCONOx system now in operation at Kirchdorfer Zementwerk Kirchdorfer Zementwerk Hofmann GmbH	11/16
Shift in environment policy and technical progress at VDZ Annual Cement Conference 2016 VDZ Annual Cement Conference 2016	11/18
Awards for young scientists at Weimar Recycling Conference Recycling R'16 Conference, Weimar	12/24
European construction machinery sector embraces digital transformation as driver of success CECE Congress 2016, Prague	12/25
Successful 2 nd International Conference on the Chemistry of Construction Materials (ICCCM2) Construction Chemistry, TU Munich	12/26

Global lime industry meets to share experience

International Lime Association General Assembly, Washington 12/28

PLANT REPORT

Coal dust dosing without compromises FLSmidth Pfister GmbH	1-2/17
Overhauling a plate conveyor FB Ketten	1-2/20
With new aggregate plants, Sinoma Cement selects "effective tools to do good work" Sandvik Construction	1-2/22
Wet preparation at Schaefer Kalk Leiblein	3/30
Caluцем relies on complete packaging line Beumer Group GmbH & Co. KG	4/33
Mexican cement manufacturer addresses conveyor carryback Martin Engineering	4/38
Twin mixing plant: Two different mixing procedures in one system BHS-Sonthofen GmbH/Nikolaus Müller Kalkwerk-Natursteinwerke GmbH & Co.KG	5/28
Difficult environment at TPI Polene Public Company Ltd safely overcome Beumer Group GmbH & Co. KG	6/17
Complex and curved Beumer Group GmbH & Co. KG	9/24
Scheuch demonstrates solutions expertise Scheuch GmbH/HeidelbergCement Group	9/26
Polish cement plant relies on Weima Blumenau, Thorsten	9/28
Smart move Siemens AG	9/30
High-precision work for main gear replacement on a tube mill Winter, Horst-D.	9/32
Productivity and quality from Brno Fischer, Anett	10/14
Through the middle of the rainforest Beumer Group GmbH & Co. KG	10/19
An initiative for alternative fuels co-processing in the cement kiln Dalla Cement Factory	10/42

A greener brownfield
Siemens AG 11/19

**System migration –
Cement plant in Colombia optimized
by process control system from Siemens**
Siemens AG 12/36

**Burner supplier backs innovative
measuring technology**
Endress+Hauser Messtechnik GmbH & Co.KG..... 12/38

**LafargeHolcim upgrades cement plant in Canada
to better environmental performance**
LafargeHolcim 12/40

COVER STORY

**Transport, loading and filling of bulk material –
with significantly less dust formation**
Beumer Group GmbH & Co. KG 11/33

ENGINEERING

Safety nets protect workers in preheaters
Häußermann, Andreas9/63

Data-base replaces data-islands
Aucotec AG.....9/66

Large volume bulk storage
Geometrica 12/56

INTERVIEW

A full-range supplier for the cement industry
Andre Tissen, Beumer Group GmbH & Co.KG 1-2/24

The new Renk COPE Drive for Loesche mills
Florian Hofbauer, Renk AG3/26

**First DeCONOX system up & running nicely
at Kirchdorfer Zement**
Erich Frommwald, CEO, and Anton Sacklehner, Plant Director 12/31

MANAGEMENT

Cutting-edge classic: Situational Leadership
Voss, Reiner9/68

**Management of production process information:
a case study in China's cement industry**
Wang Junjie; Liu Songhui; Wang Lan 11/56

Change-management leadership
Im-Prove Coaching and Training GmbH 12/58

PRODUCTS

**Holcim Deutschland benefits from partnership with
Schenck Process when retrofitting three cement factories**
Schenck Process 1-2/11

Clean conveying
Flexco Europe GmbH..... 1-2/12

**Railcar Connector for fast, safe unloading
of bottom-discharge hopper cars**
Martin Engineering 1-2/12

Effective dust control with a MobyDick Dust Control Cannon
Frutiger Company Ag.....3/19

**New power generation solutions business unit
focussed on cleaning pollution control systems**
Martin Engineering3/20

**Instrumentation services enhances the reliability
and availability of plants**
Siemens AG3/22

**Trackman XP Rubber tracks with new technology
and last longer**
ContiTech AG3/22

**High performance truck bag loader
with above-average machine availability**
Haver & Boecker OHG.....3/23

Starlinger launches new sack with handles
Starlinger & Co. Ges.m.b.H.....3/23

New cements now available
Opterra Wössingen GmbH5/18

**Maintain conveyor belts ergonomically
with Flexlifter from Flexco**
Flexco Europe GmbH.....5/18

**Vibrating subfloor prevents build-up
in conveyor discharge chutes**
Martin Engineering5/20

**Relying on regularity – blending beds
for different bulk goods**
Beumer Group5/21

**Eirich strengthens its second business unit
grinding technology**
Maschinenfabrik Gustav Eirich GmbH & Co.KG5/22

Vaccum belt filters, all-rounders for filtration and dewatering
Leiblein GmbH.....5/22

New Donaldson dust collectors: Performance follows shape Donaldson5/23	Update for Cemac control system Siemens AG 11/15
Rotary reactor tube furnaces arranged in the smallest space Carbolite Gero5/23	Tanga Cement PLC launches a new product – Mkombozi Cement – 32.5N Tanga Cement PLC 12/16
Siemens introduces digital measurement technology for gears Siemens AG6/15	New ECS/ProcessExpert 8.3 for cement and minerals industries FLSmidth 12/16
New vibratory sieve shakers make sieve analysis more convenient Retsch GmbH6/15	Haver & Boecker presents the optimized Elementra EGF Big Bag filling system Haver & Boecker OHG..... 12/18
New pin latch belt cleaner simplifies service Martin Engineering.....6/16	Wear-resistant metal alloy extends equipment life Martin Engineering 12/19
World premiere at bauma 2016: The Liebherr R 922 crawler excavator for less regulated markets Liebherr-France SAS6/16	New steep-angle material transportation concept for quarries and medium capacity open-pit mines Thyssenkrupp Industrial Solutions AG 12/20
Surface scanner from ContiTech makes conveyor belt damage visible ContiTech Conveyor Belt Group7-8/20	Modernized Kubria series of cone crushers Thyssenkrupp Industrial Solutions AG 12/20
Planning and simulation tool for Profinet Networks Siemens AG 7-8/21	PSP compact – a modular production system for sand-lime blocks Lasco Umformtechnik GmbH12/21
Life-cycle solutions for conveyor installations in the cement industry SKF GmbH9/18	Liebherr PR 776: Infinitely variable hydrostatically powered tractor in the 70-tonne category Liebherr-Werk Telfs GmbH 12/22
Flexco mechanical connectors distribute loads uniformly over the conveyor belt Flexco Europe GmbH.....9/20	New online elemental analyzer delivers real-time results to cements manufacturers Thermo Fischer Scientific Inc..... 12/22
PT Pro EZ belt centring stations are effective even with damaged belts Flexco Europe GmbH.....9/20	Giant mobile dust control design delivers extended coverage Dust Control Technology 12/23
Engineering tool brings energy transparency into production Siemens AG9/22	
Measure bulk material throughput contactless online DYNA Instruments GmbH9/22	
Cat C2 Series articulated trucks feature more power and increased payloads Caterpillar..... 10/10	
Gateway between cloud, in-company IT and production Siemens AG10/12	
Simulation software Simit 9 minimizes risks prior to actual commissioning Siemens AG10/13	
Washbox conveyor belt cleaner removes difficult carryback Martin Engineering..... 11/12	
Two Russian cement works converted to Smart Factory standard Schenck Process Europe GmbH..... 11/14	

PROCESS

The cement plant of the future Haver & Boecker, Oelde/Germany 1-2/46
Making more products, reducing waste and cutting costs in the quarry Haver & Boecker, Oelde/Germany 1-2/48
The reengineering of existing lime kilns Schlegel, Thomas 1-2/56
Increasing the availability of high-precision dosing systems by remote maintenance solutions and pro-active service Aufderheide, Dominik; Di Matteo, Luigi.....3/48
Grinding and classification performance evaluation and modelling of an industrial-scale horizontal roller mill process Genc, Ömürden3/56

Simulation of limestone calcination in normal shaft kilns – Part 3: Influence of particle size distribution and type of limestone Hallak, Bassem; Herz, Fabian; Specht, Eckehard; Gröpler, Robin; Warnecke, Gerald.....	3/64
Use of markers in production process monitoring and for the characterization of building materials Möller, Hendrik; Gröll, Christine.....	4/70
Retrofit projects made easy thanks to an integrated system with IO-Link and Profisafe Iski, Deniz; David, Bernd.....	5/46
A systematic classification and modularization of handling systems for alternative fuels Di Matteo, Luigi; Aufderheide, Dominik.....	5/50
Understanding the process conditions in a parallel flow regenerative kiln Schlegel, Thomas; Padox, Guilhem	5/56
IBAU's silo of tomorrow – generating perfect flow, evolving into a work of art and providing new functions Rämmele, Mario.....	6/40
New calcium hydrosilicate-based cements: Celitement – a Technology Assessment Achternbosch, Matthias; Dewald, Ulrich; Nieke, Eberhard; Sardemann, Gerhard.....	6/48
Coordinated – Single-source supplier for hot environment Zöbisch, Stefan	6/58
The new business area AFR systems enables the use of alternative fuels in cement and lime plants Beumer Group	7-8/57
Focus on energy use Theodoro, Carlos.....	9/56
Thermophysical properties of lime as a function of origin (Part 3): Emissivity Moldenhauer, Alexander; Bauer, Wolfgang; Specht, Eckehard.....	9/58
The cement plant of the future Haver & Boecker, Oelde/Germany	10/20
Tube mill drive systems – a review Venkatesan, V.; Malar Mohan, K.; Ramamurti, V.	10/54
Reburning: How to reduce Nox emissions in different types of inline calciners Borges Fernandes, B.; Bretz de Souza, J.; Soares de Oliveira, L.	11/36
Prediction of cut size for pneumatic classification based on a back propagation (BP) neural network Shubo Wu; Jiaxiang Liu; Yuan Yu.....	11/64

Markets and Trends

Binder production in the Republic of Uzbekistan: Present and future Tulaganov, A. A.; Akramov, E.M.; Mukhitdinov, A. A.;Nizamov, T. A.; Tulaganov, B. A.	1-2/28
Demand for cement in Egypt set for strong medium-term growth Idem, Oliver, GTAI.....	3/32
Mexican building material producers investing more – and making more cement Buerstedde, Peter, GTAI	3/34
Cement consumption on the rise in Argentina Moses, Carl, GTAI	3/36
Algeria expands cement production Najjar, Fausi, GTAI.....	3/37
Trends in cement dispatch Onestone Consulting.....	4/40
Brazil: Cement consumption significantly lower Germany Trade & Invest.....	4/50
China's ailing construction industry showing less demand for building materials Germany Trade & Invest.....	4/52
The global cement capacity development Onestone Consulting.....	5/34
Russia's shrinking construction industry Germany Trade & Invest.....	5/44
Upswing in cement in Spain Onestone Consulting.....	9/36
Israeli demand for building materials remains strong Struminski, Wladimir	9/46
Chinese cement industry suffering from overcapacities Schmitt, Stefanie	9/48
Indian cement industry – growth, development and future perspective Pahuja, Ashwani	10/28
Latest trends in refractory materials Onestone Consulting.....	11/22
Russia's construction crisis turns chronic Umann, Ullrich	11/30

Materials

- Segregation of bulk solids – causes and solutions**
Schulte, Dietmar 1-2/34
- Track & Trace for explosives – a case study, half a year after its introduction**
Schüssler, Martin..... 1-2/39
- An alternative material to increase the photocatalytic performance of TiO₂**
Uysal, Aykut..... 1-2/42
- Extended ultrasonic investigation of gypsum setting**
Ryznikov, Gennadiy; Messerschmidt, Felix;
Feist, Manfred; Buk, Bernd 3/38
- Silicate coatings for concrete components with waterglass systems by means of neutral salt initiation**
Kaps, Christian; Schuch, Kai; Stäblein, Stefan 3/41
- Limestone requirements for high-limestone cements**
HeidelbergCement Technology Center 4/54
- Research on the interface and microstructure of thin layer mortar**
Zhenzhen Zhi; Baoguo Ma; Shouwei Jian; Lei Su;
Yanfei Guo; Fangjie Chen..... 4/62
- Investigation of the influence of crystal morphology on the strength development of various α -hemihydrates by use of an in-situ ultrasonic technique and complementary methods**
Sakali, Yilmaz; Pritzel, Christian; Trettin, Reinhard 6/18
- Effect of alkali content of raw meal on composition and hydration of belite-calcium sulfoaluminate cement**
Heisig, Anne; Stangl, Teresa M.; Hilbig, Harald;
Urbonas, Liudvikas; Heinz, Detlef..... 6/26
- The influence of binder modification by means of the superplasticizer and mechanical activation on the mechanical properties of the high-density concrete**
Ibragimov, Ruslan..... 6/34
- Effect of pre-crushing with a vertical shaft impactor (VSI) crusher on the performance of an industrial cement ball mill classification circuit**
Genc, Ömürden 7-8/48
- Effect of the ester group in side chain of polycarboxylate superplasticizer on the cement hydration process**
Tan, Hongbo; Li, Xin; Jian, Shouwei; Ma, Baoguo;
Lin, Chaoliang; Liu, Muyu 7-8/60
- Road soil cement with complex additives based on organosilicon compounds and electrolytes**
Mavliev, Lenar; Bulanov, Pavel; Vdovin, Evgeniy;
Zaharov, Vadim; Gimazov, Albert 9/49
- Investigation on composite cement containing Indian fly ash and granulated blast furnace slag**
Chaturvedi, S.K.; Yadav, D.; Vanguri, S.;
Chatterjee, V.P.; Pahuja, A.; Sahu, A.K..... 10/48
- Effect of nano-TiO₂ on the hydration and hardening of fly ash/cement systems**
Junpeng Mei; Hainan Li; Baoguo Ma; Hongbo Tan; Xiangguo Li 11/46
- Use of natural heavy mineral sands for increasing the gross dry density of calcium silicate units**
Eden, Wolfgang; Eichborn, Claudia; Wolter, Albrecht..... 12/41
- Effect of oil shale additions on the raw mix and clinker for high belite cement**
Frag, Laila M.; Radwan, M.M.; El-Hamid, Abd 12/48

A

Achternbosch, Matthias; Dewald, Ulrich; Nieke, Eberhard; Sardemann, Gerhard
New calcium hydrosilicate-based cements: Celitement – a Technology Assessment.....6/48

Aufderheide, Dominik; Di Matteo, Luigi
Increasing the availability of high-precision dosing systems by remote maintenance solutions and pro-active service.....3/48

B

Bechteler, Ludwig; Kneppel, Sebastian
Twin mixing plant: Two different mixing procedures in one system.....5/28

Blumenau, Thorsten
Polish cement plant relies on Weima9/28

Borges Fernandes, Bárbara; Bretz de Souza, Joana; Soares de Oliveira, Leandro
Reburning: How to reduce NO_x emissions in different types of inline calciners 11/36

Bracht, Anke
Focus on environmental technology and process engineering development.....3/24

Bucher, Klaus
Wet preparation at Schaefer Kalk.....3/30

Buerstedde, Peter
Mexican building material producers investing more – and making more cement.....3/34

C

Chaturvedi, S. K.; Yadav, D.; Vanguri, S.; Chatterjee, V. P.; Pahuja, A.; Sahu, A. K.
Investigation on composite cement containing Indian fly ash and granulated blast furnace slag.....10/48

D

Di Matteo, Luigi; Aufderheide, Dominik
A systematic classification and modularization of handling systems for alternative fuels.....5/50

Dias Pereira, Christiane; Kasper, Olga
Keywords: Alternative Fuels and Sustainable Development5/24

Döhne, Oliver
Brazil: Cement consumption significantly lower4/50

E

Eden, Wolfgang; Eichhorn, Claudia; Wolter, Albrecht
Use of natural heavy mineral sands for increasing the gross dry density of calcium silicate units12/41

El-Laithy, Gamal; Jradi, Hassan
Coal dust dosing without compromises1-2/16

Eschenhorst, Uwe
58th Cement Industry Technical Conference7-8/26

F

Farag, Laila M.; Radwan, M. M.; Abd El-Hamid, H. K.
Effect of oil shale additions on the raw mix and clinker for high belite cement..... 12/48

Festge, Florian
Haver & Boecker's packer of tomorrow will elevate the image of cement to being more than just a consumable10/20

Fischer, Anett
What's a cableway doing in a cement plant?7-8/22

Productivity and quality from Brno10/14

Global lime industry meets to share experience 12/28

G

Genc, Ömürden
Grinding and classification performance evaluation and modeling of an industrial-scale horizontal roller mill process3/56

Effect of pre-crushing with a vertical shaft impactor (VSI) crusher on the performance of an industrial cement ball mill classification circuit.....7-8/48

H

Hallak, Bassem; Herz, Fabian; Specht, Eckehard; Gröpler, Robin; Warnecke, Gerald
Simulation of limestone calcination in normal shaft kilns – Part 3: Influence of particle size distribution and type of limestone3/64

Harder, Joachim
Trends in cement dispatch4/40

The global cement capacity development.....5/34

Iran's cement industry after the sanctions.....7-8/42

Upswing in cement in Spain.....9/36

Latest trends in refractory materials..... 11/22

Häußermann, Andreas
Safety nets protect workers in preheaters.....9/63

**Heisig, Anne; Stangl, Teresa M.; Hilbig, Harald;
Urbonas, Liudvikas; Heinz, Detlef**
Effect of alkali content of raw meal
on composition and hydration of
belite-calcium sulfoaluminate cement.....6/26

I

Ibragimov, Ruslan
The influence of binder modification by means of the
superplasticizer and mechanical activation on the
mechanical properties of the high-density concrete.....6/34

Idem, Oliver
Demand for cement in Egypt set for strong
medium-term growth3/32

Iski, Deniz; David, Bernd
Retrofit projects made easy thanks to an integrated
system with IO-Link and Profisafe.....5/46

J

Junjie, Wang; Songhui, L.; Lan, Wang
Management of production process information:
a case study in China's cement industry..... 11/56

K

Kaps, Christian; Schuch, Kai; Stäblein, Stefan
Silicate coatings for concrete components with
waterglass systems by means of neutral salt initiation3/41

L

Linde, Frank; Reichl, Michael
Change-management leadership..... 12/58

M

**Mavliev, Lenar; Bulanov, Pavel; Vdovin, Evgeniy;
Zaharov, Vadim; Gimazov, Albert**
Road soil cement with complex additives based
on organosilicon compounds and electrolytes9/49

Mei, Junpeng; Li, Hainan; Ma, Hongbo; Li, Xiangguo
Effect of nano-TiO₂ on the hydration and hardening
of fly ash/cement systems..... 11/46

**Moldenhauer, Alexander; Bauer, Wolfgang;
Specht, Eckehard**
Thermophysical properties of lime as a function
of origin (Part 3): Emissivity9/58

Möller, Hendrik; Gröll, Christine
Use of markers in production process monitoring
and for the characterization of building materials4/70

Moses, Carl
Cement consumption on the rise in Argentina3/36

N

Najjar, Fausi
Algeria expands cement production3/37

P

Pahuja, Ashwani
Indian cement industry – growth, development
and future perspective.....10/28

R

Rämmele, Mario
IBAU's silo of tomorrow –
generating perfect flow, evolving into a work
of art and providing new functions6/40

**Ryznikov, Gennadiy; Messerschmidt, Felix;
Feist, Manfred; Buk, Bernd**
Extended ultrasonic investigation of gypsum setting3/38

S

Saini, B.L.; Choudhary, U.S.; Yadav, S.
An initiative for alternative fuels co-processing
in the cement kiln10/42

Sakali, Yilmaz; Pritzel, Christian; Trettin, Reinhard
Investigation of the influence of crystal morphology
on the strength development of various α -hemihydrates
by use of an in-situ ultrasonic technique and
complementary methods6/18

Schlegel, Thomas
The reengineering of existing lime kilns.....1-2/56

Schlegel, Thomas; Padox, Guilhem
Understanding the process conditions
in a parallel flow regenerative kiln.....5/56

Schmitt, Stefanie
China's ailing construction industry showing
less demand for building materials4/52

Chinese cement industry suffering
from overcapacities9/48

Schulte, Dietmar
Segregation of bulk solids – causes and solutions.....1-2/34

Schüssler, Martin

Track & Trace for explosives –
a case study, half a year after its introduction.....1-2/39

Struminski, Wladimir

Israeli demand for building materials
remains strong.....9/46

T**Tan, Hongbo; Li, Xin; Jian, Shouwei; Ma, Baoguo;
Lin, Chaoliang; Liu, Muyu**

Effect of the ester group in side chain of
polycarboxylate superplasticizer on the cement
hydration process7-8/60

Theodoro, Carlos

Focus on energy use.....9/56

**Tulaganov, A. A.; Akramov, E.M.;
Mukhitdinov, A. A.; Nizamov, T. A.; Tulaganov, B. A.**

Binder production in the Republic of Uzbekistan:
Present and future.....1-2/28

U**Umann, Ullrich**

Russia's shrinking construction industry5/44

Russia's construction crisis turns chronic11/30

Uysal, Aykut

An alternative material to increase
the photocatalytic performance of TiO₂.....1-2/42

V**Venkatesan, V.; Malar Mohan, K.; Ramamurti, V.**

Tube mill drive systems – a review.....10/54

W**Wagner, Thomas**

Overhauling a plate conveyor.....1-2/20

Winter, Horst-D.

High-precision work for main gear replacement
on a tube mill9/32

Wu, Shubo; Liu, Jiaxiang; Yu, Yuan

Prediction of cut size for pneumatic classification
based on a back propagation (BP) neural network.....11/64

Z**Zhenzhen Zhi; Baoguo Ma; Shouwei Jian;
Lei Su; Yanfei Guo; Fangjie Chen**

Research on the interface and microstructure
of thin layer mortar4/62

Zlatev, Metodi; Grotjohann, Peter

Making more products, reducing waste
and cutting costs in the quarry.....1-2/48

Zöbisch, Stefan

Coordinated – Single-source supplier for hot environment .. 6/58

Burner supplier backs innovative measuring technology... 12/38
