

Guidelines for Authors

Publication in ZKG INTERNATIONAL

Please remember: The paper must not be published previously in another journal!

The article should extend over approx. 5 – 8 printed pages in the journal. Required data are:

- Text (Word data file)
 - Length approx. 10 000 – 16 000 characters
 - Short, concise title (not more than 100 characters)
 - Information on the author and if applicable the co-authors: Full names with academic titles, company / university (with city / country) as well as professional occupation / position
 - Summary consisting of a maximum of 500 characters
 - Sections numbered consecutively from 1 to n, beginning with the section “Introduction“

In the text:

- Bibliography references: numbered consecutively in square brackets [1] to [n]
- Figure references: e.g., “Figure 1 shows ...“ or as a reference in brackets ”(Fig. 1)“
- References to tables: e.g., “Table 1 shows ...“ or as a reference in brackets

At the end of the text:

- Bibliography index (please not too many and only relevant bibliography quotes), e.g.
 - [1] Muster, M.; Mayer, V.: Emissions, ZKG International 61 (2008), No. 3, pp. 86-92
 - [2] Smith, J.: Cement Clinker, in: Brand, F. (Publisher): Cement Chemistry, Paul & Brock, Berlin, 2020, pp. 39-56
- All figure captions with consecutive numbering as a list
- All tables with consecutive numbering and table captions

The translation into either German or English can be carried out by the publisher. The quality of the translation can be greatly improved, if you are able to include either German or English language documentation of the project (leaflets, other publications etc.).

- Figures (the most advantageous number of figures is 1 to 2 per printed page of the journal)
 - Graphic data files e.g. as "tiff", „eps“ or "jpg", resolution with format 10 x 15 cm 300 dpi)
 - or
 - Photos on photo paper or as slides (the originals will be returned to you)
 - or
 - Drawings (maximum format DIN A3)

Please number/caption figures consecutively

Please do not embed digital figures in the text or in the Word document!

Please include a high-resolution leading image with figure caption

Large data files of a total of more than 9 MB are best sent on CD-ROM or using our service “MailXXL” (<http://www.it-bauverlag.de>).
