EVENTS

Alliance for development and sustainability Dias Pereira, Christiane; Kasper, Olga	1-2/16
Open Day for packers and palletizers at Claudius Peters Fischer, Anett	1-2/22
European construction sector will keep growing 82nd Euroconstruct Conference, Barcelona/Spain	1-2/26
Innovations and trends in grinding technology Gebr. Pfeiffer Ready2grind Technical Panel, Fort Lauderdale, FL/USA	1-2/28
Arab cement industry met in Abu Dhabi 21st Arab International Cement Conference and Exhibition, Abu Dhabi/UAE	1-2/31
Precast concrete industry reports growth 61st Betontage Ulm	4/21
Sustainable technologies for recuperation of concrete and cement recycling Dias Pereira, Christiane; Kasper, Olga	5/30
From the mine to the product Strunk, Petra; Bracht, Anke	5/36
Gypsum (not) only for construction Fischer, Anett	5/40
idmmc six brings together the drymix mortar community Bracht, Anke.....	6/20
Nanocem Consortium - 7th Open Meeting Fischer, Anett	7-8/24
interpack 2017: record-level international attendance Interpack 2017, Düsseldorf/Germany	7-8/26
Solids Dortmund: added value rewarded with a record number of visitors Solids Dortmund 2017, Dortmund/Germany.....	7-8/27
Efficient recovery solutions for alternative resources Dias Pereira, Christiane; Kasper, Olga	7-8/28
Innovative solutions in vertical grinding and conveying for the cement industries in Southern and Eastern Africa Gebr. Pfeiffer Panel 2017, Johannesburg/South Africa	7-8/31
59th Cement Industry Technical Conference Fischer, Anett	7-8/32
200 years after Louis Vicat Fischer, Anett	7-8/36
Powtech - leading trade fair for processing, analysis, and handling of powder and bulk solids.....	9/26
Haver & Boecker successful with interpack "LiveEvents" Haver & Boecker OHG	10/21

German lime industry representatively organized for 125 years now Annual Meeting of the German Lime Industry Association (BVK).....	10/25
Let's talk about paper sacks Eurosac Congress 2017.....	10/25
Loesche Symposium 2017 - Evolve the future Loesche Symposium, Düsseldorf and Vienna.....	10/26
VDZ Annual Cement Conference 2017 commemorates VDZ's 140-year anniversary VDZ.....	11/22
Successful 4th Alternative Fuels Symposium MVW Lechtenberg & Partner	11/24
PCE 2017 - Polycarboxylates at the frontier of modern concrete technology Plank, Johann; Lei, Lei.....	11/28
Frugal innovations - Creating high-quality products with limited resources 14th TCMB, Antalya/Turkey	12/14

PLANT REPORT

Geda industrial lifts at the Märker cement works in Harburg Geda-Dechenreiter GmbH & Co.KG.....	3/24
Treatment of bypass dust in cement manufacturing BHS-Sonthofen GmbH.....	3/26
Complete measuring instrumentation for heavy duty at a lime plant Zöbisch, Stefan	3/30
An economically convincing Beumer Group GmbH & Co. KG I Aalborg Portland A/S.....	4/22
Official launch of East Malaysia's first integrated cement grinding plant Christian Pfeiffer Maschinenfabrik GmbH I Cahya Mata Sarawak	4/26
Cement plant increases production by 20% Siemens AG	4/29
Production in historic plaster factory optimized with Siemens hardware Siemens AG	5/46
Martin Marietta controls damage and spillage at limestone conveyor drop points Martin Engineering.....	5/48
Drive systems increase productivity and availability of a roller press Bosch Rexroth AG	6/22
Pneumatic conveying technology for Dyckerhoff Sienk, Thorsten	6/25

Efficient crusher drive composed of standard and individual components
Siemens AG7-8/38

Innovative technology eliminates carryback on cement grinding conveyor
Mueller, Dave7-8/40

Repair of two cement mill gear units at a Belgian cement plant
Pasz, Thorsten7-8/44

Anaerobic Digestion (AD) as a renewable power source for the Lime Industry
Planet Biogas Group10/30

Controlling fugitive dust emissions on limestone conveyor transfer point
Harasym, Dave10/32

Resolving material accumulation in cement plant limestone silo
Martin Engineering11/31

Neuman & Esser builds classifier DC 2990
Neuman & Esser11/32

Greater than the sum of its parts - Ohorongo Cement decides on third packaging line
Beumer Group GmbH & Co. KG11/34

Fast process from beginning to end: flexible and fully automated filling, palletising and packaging
Beumer Group12/17

Customer-specific chain solution lowers portal scraper operation costs
FB Ketten12/22

ENGINEERING

Aumund Group equipment and solutions in the cement industry
Spätmann, Christian1-2/50

Ubiquitous secure access to data and systems
Hasert, Rebecca3/33

Multi-level security concept for network protection in the industry 4.0
Rohde & Schwarz Cybersecurity12/41

INTERVIEW

Always the best solution - for each and every customer
Michael Brachthäuser, Beumer Group10/44

MANAGEMENT

Doubling up as management executive and change manager
Schwartz, Michael4/56

The scarcest resource of all: acceptance
Rutz, Michael6/58

PRODUCTS

Polaris single-shaft shredder optimizes the one-step processing of refuse-derived fuel
Lindner-Recyclingtech GmbH3/16

Schenck Process launches its first app: vibe2know
Schenck Process Holding GmbH3/17

Panalytical launches Aeris, a new benchtop X-ray powder diffractometer
Panalytical GmbH3/17

First tablet PC from Siemens: Rugged and geared for industrial applications
Siemens AG3/18

Accenture to create apps on Siemens MindSphere for industrial companies
Siemens AG | Accenture3/19

Conveyor belt drives for raw material production - Integrated Drive System
Currax GmbH & Co. KG3/20

Haver Engineering uses Eirich mixing technology for a preliminary stage in coal dust pelletization
Gustav Eirich GmbH & Co. KG | Haver Engineering GmbH3/20

Industry-first reference book presents global best practices for conveyor safety
Martin Engineering3/21

Compact and highly efficient - Horiba's new particle analyzer LA-350
Retsch Technology GmbH3/22

Fast and reproducible pulverization of large sample volumes
Retsch GmbH3/22

Next generation of compact bucket wheel excavators
Thyssenkrupp Industrial Solutions AG3/23

Portable emission FTIR spectrometer for Thermal Infrared (TIR) remote and proximal sensing applications
Sphereoptics GmbH3/23

Laser particle sizing at the push of a button: 10 nm - 2100 µm
Fritsch GmbH4/20

Customizable dust suppression for specialized applications
Dust control Technology5/16

Caterpillar introduces new Product Link capabilities for connecting expanded range of assets
Caterpillar5/17

Conveyor belt tracker technology improves performance and service life
Martin Engineering5/18

Patented conveyor belt cleaner designed to reduce total ownership cost
Martin Engineering5/19

Bucket elevator drives from Currax now feature new Simogear auxiliary drive
Currax GmbH & Co. KG5/20

Caterpillar launches Cat Connect Productivity Services
Caterpillar.....5/21

Xpert Eye – smart glasses solution for industry
AMA.....5/22

New mechatronic industrial gear unit
SEW-Eurodrive5/23

Air cannons for pneumatic activation of bulk material
B+W GmbH5/24

Girth gears for large rotating equipment
SEW-Eurodrive5/25

The Pfister Wear Index: A new tool for predictive maintenance of Pfister DRW Rotor Weighfeeders
FLSmidth Pfister GmbH5/26

Power storage for the industry
ASD Automatic Storage Device GmbH5/27

New XL cutting mill accepts large sample pieces and generates high throughput
Retsch GmbH5/27

Predictive maintenance
Cassantec AG5/28

The Y-type secondary cleaner by Flexco guarantees outstanding cleaning performance
Flexco Europe GmbH.....7-8/18

PanPac Engineering A/S reduces costs with a new fully automatic big bag filling system
PanPac Engineering A/S.....7-8/18

Dry mixes and plastic compounds from a single machine
Maschinenfabrik Gustav Eirich GmbH & Co.KG7-8/20

The SmartFix system for changing mixing tools significantly reduces maintenance costs
Maschinenfabrik Gustav Eirich GmbH & Co.KG7-8/20

Building & construction sector in the focus of Mondi's interpack presence
Mondi Group.....7-8/21

The bag placer: filling bulk material more efficiently with the Beumer fillpac
Beumer Group GmbH & Co. KG7-8/22

A mixing system for the dry building materials industry
Teka Maschinenbau9/22

The new HS-D central vacuum cleaner
Hellmich GmbH & Co. KG9/24

Powerful railcar vibrators deliver high force with low weight
Martin Engineering10/14

Predictive maintenance reduces downtimes and maintenance costs
Contitech.....10/14

Drone-assisted mining surveys
Ingenieurbüro für Markscheidewesen10/16

Automated tensioner for conveyor belt cleaners reduces wear and maintenance
Martin Engineering10/16

WAM introduces new filter media Silotop Zero
Wamgroup.....10/18

The future of Cemat is autonomous and digitalized
Siemens AG11/17

FLSmidth introduces new air pollution control technology at TCMB Turkey
FLSmidth A/S11/18

New mobile version of A TEC's Rocket Mill
A TEC Group11/18

Lödige construction material mixers for cement production
Gebr. Lödige Maschinenbau GmbH12/12

PROCESS

Processing route for ready-to-fire alternative fuels derived from waste fractions
Voges, Udo1-2/48

Thermophysical properties of lime as a function of origin (Part 4): Thermal conductivity
Sandaka, Gourisankar; Al-Karawi, Janan; Specht, Eckehard; Silva, Monica3/36

HeidelbergCement making savings with new compressed air supply
Banse, Stephanie3/42

A framework and taxonomy for the classification of bulk material metering and dosing equipment within the cement industry
Aufderheide, Dominik; Di Matteo, Luigi.....3/47

Müllerkalk opts for pneumatic conveyance with ceramic rotary valves
Kikty, Mario3/54

Thermal behaviour of a coarse raw mix and the micro-homogeneity of the resultant clinker
Lörke, Paul.....4/40

Engineering design of mechanical equipment for the production of cement on basis of configurators
Bogdanov, V.S.; Eltssov, M. Y.; Lhiroková, L.Y.; Khakhalev, P.A.5/64

Industrial Security supporting digitalization in the cement industry	
Walther, Thomas	6/44

Development of a linear statistical model for the cement milling process	
Ivnev, Dmitrii; Herzhoff, Annika; Kolbe, Thomas; Scharf, Roland	6/48

Redundancy is not equal to availability	
FLSmith Maag Gear	6/54
Packaging cement – the sustainable way	
Grabeweger, Markus; Eder, Sigrid	9/36

Modelling of component behaviour around a cement grinding circuit	
Altun, Deniz; Benzer, A. Hakan; Altun, Okay	10/58

Sampling from the receipt of the goods to the final inspection	
Eberheim, Jochen; Blum, Jonathan	10/68

Successful commissioning of a ceramic rotary feeder at PPC Hercules	
Visser, J.D.; Mayimele, Nyiko; Dikty, Mario	12/42

Markets and Trends

Drives for large vertical roller mills	
Harder, Joachim	1-2/32

Improving cement plant performance with O&M contracts	
Harder, Joachim	4/30

Argentina expecting better prospects for building materials	
Moses, Carl	4/38

Latest trends in alternative fuels	
Harder, Joachim	5/50

U.S. building materials industry awaits positive market mood	
Wiener, Martin	5/57

Gravimetric precision dosing in the cement industry	
Harder, Joachim	7-8/48

Cutting excess capacity in China	
Harder, Joachim	9/42

The cement industry in Turkey	
Harder, Joachim	10/36

Trends in the development of the gypsum board market in Ukraine	
Sachartschenko, P.; Gawrisch, A.; Besrodna, J.	11/38

Effect of fibers on the properties of gypsum-cement-pozzolanic binder	
Potapova, Ekaterina; Manushina, Anna; Urbanov, Andrey	11/42

Latest trends in cement and clinker trade	
Harder, Joachim	12/24

Materials

Features of the microstructure and phase composition of hardened cement paste prepared by mechano-chemical activation of the binder	
Ibragimov, Ruslan A.; Pimenov, S.I.	1-2/40

The influence of thermally activated clay additives on the properties of composite gypsum binder	
Marat, Khaliullin; Ravil, Rakhimov; Ildar, Faizrahmanov	5/58

Chloride penetration resistance of micron-nano materials modified mortar used as a concrete coating	
Jungpeng Mei; Hainan Li; Baoguo Ma; Hongbo Tan; Jian Huang; Shouwei Jian	6/28

The spice of gypsum	
Müller, Markus	6/38

Milieu-dependent effect of retardants on hydrating calcium sulphate binders	
Fischer, Hans-Bertram; Müller, Markus; Mandrikova, Olga; Khripacheva, I.	7-8/58

Additive-depending effects on plaster hydration	
von Bronk, Tabea; Fischer, Hans-Bertram	7-8/64

Influence of nano-TiO ₂ on rheological and fresh properties of fly ash-cement systems	
Hainan Li, Shuang Wang, Jing Wu, Hongbo Tan, Junpeng Mei	9/50

Effect of nano-TiO ₂ on chloride ingress in cementitious material	
Jungpeng Mei; Baoguo Ma; Jian Huang; Hongbo Tan; Wenbin Jiang; Xiaohai Liu; Huahui Qi; Ting Zang	9/60

Chloride permeability of concrete applied with basalt fiber and nano-SiO ₂ modified mortar coatings	
Jungpeng Mei; Baoguo Ma; Hongbo Tan; Wenbin Jiang; Xiaohai Liu; Huahui Qi; Ting Zang; Hainan Li; Xiangguo Li	9/68

Influence of nano-TiO ₂ on rheological and fresh properties of sulphoaluminate cement-based materials	
Hainan Li; Baoguo Ma; Jing Wu; Shuang Wang; Junpeng Mei; Hongbo Tan	10/49

Aspects of gypsum dihydrate crystallization in the artificial aging of gypsum binder	
Garkavi, Mihail S.; Garkavi, Elena; Fischer, Hans-Bertram; Buryanov, Aleksander; Abdrakhmanov, Robert; Abdrakhmanova, Regina	11/52

Repair materials for sulphatically and hydraulically bonded masonry	
Eckart, Angela; Ludwig, Horst Michael	12/32

Investigation of test methods for determining the resistance of mortars to frost and salt frost attack	
Liebis, Martin; Eckart, Angela; Müller, Matthias; Ludwig, Horst-Michael	12/36
