## Application

Building construction in the recycling system - concrete made with recycled aggregate in Switzerland  
Holcim (Schweiz) AG ..... 1-2/54

Heidelberg Beton makes infralight concrete practicable  
Heidelberger Beton GmbH ..... 3/58

Lean manufacturing and thermal enhancement of single-layer wall with an additive manufacturing (A/M) structure  
Siam Research and Innovation Co. Ltd. ..... 4/64

In-situ micro-rheology - a method for the study of skin and crust formation at mortar surfaces (Part 1)  
Zurbriggen, R.; Bühler, Th.; Huwiler, L.; Pieles, U. ..... 5/61

Skin and crust formation at mortar surfaces - mechanisms and influencing factors (Part 2)  
Zurbriggen, R.; Bühler, Th.; Wetzel, A.; Huwiler, L.; Heini, U.; Pieles, U.; Herwegh, M. ..... 6/50

Shrinkage of eco-friendly concretes made with limestone-rich elements  
Rezvani, Moien; Proske, Tilo; Graubner, Carl-Alexander ..... 6/60

Effects of oleochemical hydrophobing agents on plasters - results of a long-term field study  
Stoltz, Hermann Josef; Kehren, Gabriel; Flügel, Nadine ..... 9/61

## Bauma

Construction machinery industry meeting at bauma 2019  
Bauma 2019 ..... 4/20

## Digitalization

Leading Industry 4.0 players collaborate to help manufacturers accelerate digital transformation  
Siemens AG ..... 3/54

## EVENTS

WAR President Borgas:  
"Innovation takes courage and vision"  
World Refractories Association (WAR) ..... 1-2/19

"Creative destruction of the extant" - Big data requires radical rethink  
VDMA Building Material Plants Day ..... 5/26

Drymix mortar community meets for idmmc7  
7th International Drymix Mortar Conference ..... 6/20

CO2 reduction is top of the agenda in the industry  
VDZ Conference on Cement Chemistry 2019 ..... 6/22

Developments in waste management in synergy with the cement market  
8th International Symposium "Waste-to-Resources 2019" ..... 7-8/20

German Lime Industry reinforces its commitment to CO<sub>2</sub> reduction  
Annual Meeting of the German Lime Industry Association (BVK) ..... 9/22

M-Group's successful first safety symposium in Lemgo  
Occupational Safety Symposium, Lemgo/Germany ..... 11/20

Awards for young scientists at Weimar Recycling Conference  
Recycling R'16 Conference, Weimar/Germany ..... 12/24

European construction machinery sector embraces digital transformation as drivers of success  
CECE Congress 2016/Prague/Czech Republic ..... 12/25

Successful 2nd International Conference on the Chemistry of Construction Materials (ICCCM<sup>2</sup>)  
Construction Chemistry, TU Munich, Munich/Germany ..... 2/26

Global lime industry meets to share experience  
International Lime Association General Assembly, Washington DC/USA ..... 12/28

## ENGINEERING

Modern engineering of equipment for the cement industry  
Bispinger, Justin Robert; Dowe, Matthias ..... 6/46

Large volume bulk storage  
Geometrica ..... 12/56

## INTERVIEW

The global cement industry says yes to climate protection  
Bernard Mathieu, Director World Cement Association Climate Protection ..... 1-2/22

Innovation leader for "green" solutions  
Pablo Hofelich, CEO Business Unit Cement Technology at Thyssenkrupp Industrial Solutions ..... 9/25

We're building the future - yesterday, today and tomorrow  
Dr. Benedikt Sitte and Dr. Dominik Wörsdörfer, Windmöller & Hölscher Group, Lengerich/Germany ..... 11/22

First DeCONOX system up & running nicely at Kirchdorfer Zement  
Mag. Erich Frommwald and Dipl.-Ing. Anton Secklehner, Kirchdorfer Zementwerk Hofmann GmbH ..... 12/31

## MANAGEMENT

Leading SMEs into the future  
Klaus Doll Organisational Consulting ..... 1-2/52

Change-management leadership  
Linde, Frank; Reichl, Michael ..... 12/58

## Markets and Trends

Development of alternative fuels in the U.S. cement industry  
Portland Cement Association (PCA) ..... 1-2/34

Development of clinker substitutes	
Harder, Joachim .....	4/40
Outlook on ASEAN's cement industry	
Harder, Joachim .....	7-8/30
Global trends in the gypsum industry	
Harder, Joachim .....	9/28
Nox abatement in the cement industry	
Harder, Joachim .....	11/30
<b>Materials</b>	
The potential of additives in cement production	
Master-Builders Solution .....	4/50
Accelerating cement hydration with C-S-H seeds	
Technische Universität Berlin .....	4/53
Characterizing the decomposition of sulfatic phases as a function of the gas atmosphere	
Otterbein Cement and Lime Plant.....	5/32
Properties of building gypsum treated using the vortex layer apparatus	
Ibragimov, Ruslan A.; Korolev, E.V. ....	5/38
The influence of water-repellent admixtures on the water resistance of hardened gypsum-cement-pozzolan paste based on low-grade gypsum	
Galautdinov, Albert; Mukhametrakhimov, Rustem.....	5/45
Process-relevant characterisation of the flow properties of surface treated cement	
Freeman Technology .....	6/26
Investigations into the influence of chemical activators and templates on cement hydration	
Witzleben, Steffen .....	6/32
Research into the hydration kinetics of calcium aluminate cement and of calcium aluminate cement that contains spinel	
Jingran Wang; Cangming Ke; Jinhua Zhang; Xuexin Liu .....	7-8/40
The application of chemometrics to cementitious tile adhesive formulations	
Monaco, Matteo; Carrà, Stefano.....	9/36
Cementitious tile adhesives and chemometrics: case studies	
Mapei S.P.A.....	11/38
LafargeHolcim upgrades cement plant in Canada to better environmental performance	
LafargeHolcim .....	12/40
Use of natural heavy mineral sands for increasing the gross dry density of calcium silicate units	
Forschungsvereinigung Kalk-Sand e.V./TU Clausthal .....	12/41
Effect of oil shale additions on the raw mix and clinker for higher belite cement	
Farag, Laila M.; Radwan, M.M.; Abd El-Hamid, H.K. ....	12/48

## Occupational Safety

International lime industry pursues Vision Zero strategy	
Interview with Dr. Thomas Stumpf, ILA, and Helmut Ehnes, ISSA Mining .....	10/40

Leading safety with numbers	
Füllemann, Mark .....	10/48

Elimination of cyclone blockages in a cement works - re-aching effective protective measures with a risk management	
Sprenger, David.....	10/52

Working together safely - VDZ working group "Occupational Safety"	
Fleiger, Philipp M.; Komorek, Daniel .....	10/60

## Powtech

Leading trade fair for processing, analysis and handling of powder and bulk solids	
Powtech 2019.....	4/28

## PLANT REPORT

A high-performance handling line for high-quality refuse-derived fuels to Irish Cement	
Vecoplan AG .....	1-2/26

Stationary compressors deliver conveying air for bulk materials	
Atlas Copco .....	1-2/30

Blazing the trail in reliability	
Beumer Group .....	3/26

The gypsum blown through the pipe	
ISS Schüttguttechnik GmbH   Aerzener Maschinenfabrik GmbH .....	3/32

Energy saving, faster and quieter: servo motors optimize sand-lime brick presses	
Siemens AG .....	5/28

Supplying a second line for a Colombian cement plant	
Gebr. Pfeiffer SE .....	6/24

Fully automated tyre transport system ensures continuous feed of waste tyre	
Beumer Group .....	7-8/24

Geocycle Mexico declares war on landfills with Lindner's Polaris 2200	
Lindner-Recyclingtech GmbH.....	7-8/28

Cemat: Industry standard grows with the times	
Siemens AG .....	10/18

Solid recovered fuels for Deuna cement plant	
Lindner-Recyclingtech GmbH   B+T Group.....	11/26

System migration - Cement plant in Colombia optimized by process control system from Siemens	
Siemens AG .....	12/36

Burner supplier backs innovative measuring technology  
Endress+Hauser Messtechnik GmbH & Co.KG ..... 12/38

## PRODUCTS

FLSmidth introduces Pfister Plug and Play solution  
to "test drive" alternative fuels  
FLSmidth Pfister GmbH ..... 1-2/16

New system for managing Industrie 4.0 communication  
networks  
Siemens AG ..... 1-2/16

ABB integrates position control in ACS880 drives  
for cost-effective simplicity  
ABB Inc. ..... 1-2/17

High Temp Air Cannon installation & service without  
production shutdown  
Martin Engineering ..... 3/22

ABB Ability Smart Sensor checks condition of bearings  
ABB Inc. ..... 3/23

e-nizing: all machines finally in one platform -  
offered by mechanical engineers  
Schenck Process Holding GmbH ..... 3/23

The right drive components for rugged application  
Stüwe GmbH & Co.KG ..... 4/18

Mechanics of the grinding media in ball mills with long-  
itudinal and transverse motion of the grinding media  
Bogdanov, V.S.; Dontsova, Yu. A.; Bogdanov, N.E.; Fadin, Yu. M.; Vöth, S. ....  
6/38

Alternative fuels: dosing to optimize  
Kukla Waagenfabrik GmbH & Co.KG ..... 7-8/16

Analysis of secondary fuels in use at cement plants  
Fritsch GmbH ..... 7-8/17

New sac collection for woven plastic fabric  
Starlinger & Co. Gesellschaft m.b.H. ..... 11/17

ABB reinvents process control with new generation  
human-machine interfaces  
ABB Inc. ..... 11/18

Tanga Cement PLC launches a new product -  
Mkombozi Cement - 32.5N  
Tanga Cement PLC ..... 12/16

New ECS/ProcessExpert 8.3 for cement and minerals  
industries  
FLSmidth ..... 12/16

Haver & Boecker presents the optimized Elementra EGF  
Big Bag filling system  
Haver & Boecker ..... 12/18

Wear-resistant metal alloy extends equipment life  
Martin Engineering ..... 12/19

New steep-angle material transportation concept for quarries  
and medium capacity open-pit mines  
Thyssenkrupp Industrial Solutions AG ..... 12/20

PSP compact - a modular production system  
for sand-lime blocks  
Lasco Umformtechnik GmbH ..... 12/21

Liebherr PR 776: Infinitely variable hydrostatically  
powered crawler tractor in the 70-tonne category  
Liebherr-Werk Telfs GmbH ..... 12/22

New online elemental analyzer delivers real-time  
results to cement manufacturers  
Thermo Fisher Scientific Inc. ..... 12/22

Giant mobile dust control design delivers extended coverage  
Dust control Technology ..... 12/23

## PROCESS

E-drive and intelligent energy management for the  
shredding of solid recovered fuels  
Lindner-Recyclingtech GmbH ..... 1-2/38

Coal combustion mechanisms and fuel Nox formation  
characteristics in a precalciner environment  
Wuhan University of Technology ..... 1-2/42

How is lime production impacted by digitalization? ..... 3/36

Leading competence  
Cimprogetti Srl ..... 3/40

Comprehending the lime production process  
Ingenieurbüro für Wärme- und Prozesstechnik GmbH ..... 3/48

Milling in figures  
Flender GmbH ..... 4/60

Redesigning raw mix burning behaviour and its impact  
on kiln productivity  
Tiwari, Rahul; Kumar Rai, Abhishek; Pandey, S.P. ..... 5/52

Current research findings on calcium-silicate unit  
production technology  
Eden, Wolfgang ..... 5/56

Mechanics of the grinding media in ball mills with long-  
itudinal and transverse motion of the grinding media  
Bogdanov, V.S.; Dontsova, Yu.A.; Bogdanov, N.E.; Fadin, Yu. M.; Vöth, S. ....  
6/38

Looking to the future: Innovative solutions for managing  
wastes with high energy content  
Muedi, Rudzani; Young, Aeren ..... 7-8/46

After-sales service without delay  
Vecoplan AG ..... 7-8/50

polysius fuel substitution - improving the climate footprint  
of cement production  
ThyssenKrupp Industrial Solutions AG ..... 7-8/52

Image-based analysis of multi-fuel burners in industrial combustion processes Vogelbacher, Markus; Waibel, Patrick; Matthes, Jörg; Hoyer, Mareike; Keller, Hubert B.....	7-8/56
Burn-out characteristics of lumpy secondary fuels and requirements for the design of calciners in the cement industry Mersmann, Matthias; Schumacher, Matthias.....	7-8/62
Towards a low-carbon post OPC era - external framing conditions Achterbosch, Matthias; Dewald, Ulrich; Nieke, Eberhard; Sardemann, Gerhard .....	9/46
Reactivity and overburning tendency of quicklime burnt at high temperature Vola, G.; Sarandrea, L.; Mazzieri, M.; Bresciani, P.; Ardit, M.; Cruciani, G .....	10/20
Radial run-out prediction of girth gears with dual-mesh pinions by means of finite element analysis Venkatesan, V.; Malar Mohan, K.; Vinoth, D. ....	10/32
Carbonate CO <sub>2</sub> scrubbing process II (ECO2) - Practical experience and technical optimisation Ohnemüller, Frank; Berry, Andrew; Kirchner, Julia.....	11/46
Heat recovery for energy-efficient waste gas cleaning Kelvion Germany GmbH .....	11/52
Innovative ThermoOptical Measuring Devices (TOM) for high-temperature testing of refractories Raether, Friedrich; Friedrich, Holger; Baber, Jens.....	11/55
