

Issue/Dates	Topics	Events
ZKG 1-2/2019		
ECD: 04.12.18 ACD: 11.01.19 PD: 04.02.19	Alternative raw materials & fuels Waste management, identification, pre-treatment: NIR-Systems/shredding, screening, windshifting, metal-separation, quality assurance, handling, storage, feeding, dosage, conveying systems, co-processing: preheater/burner, pyroprocessing, emission control, alternative raw materials, alternative fuels, filter, dedusting, waste heat recovery, environmental technology, sustainability aspects	
ZKG 3/2019 Special Issue idmmc		
ECD: 04.01.19 ACD: 08.02.19 PD: 04.03.19	Raw materials, cement, lime, gypsum – Drymix mortar Construction chemistry Cement, lime, gypsum, drymix mortar, alternative binder systems, chemistry, additives and compositions, aggregates, chemical and physical analytics, laboratory automation, online analysis, information systems, quality control and assurance, metering and weighing technology, conveying technology, alternative raw material, sustainability aspects, packaging, shipment, dispatch, application	18.03.2019 7th International Drymix Mortar Conference idmmc seven Nuremberg/Germany 19.03.–21.03.19 European Coatings Show Nuremberg/Germany
ZKG 4/2019 Special Issue bauma Powtech		
ECD: 01.02.19 ACD: 08.03.19 PD: 01.04.19	Extraction, preparation, storage Quarrying, geological survey, drilling, blasting technology, excavators, vehicles, heavy lorries, frond-end-loaders, crushers, mobile and stationary crushing plants, extraction systems, stacker, storage, discharge, reclaimer, halls, domes, homogenizing, blending bed technology, blending, homogenization analytics, comminution technology, mills and mill design, classifier, wear protection, drive technology, gear units, lubricants, metering and weighing technology, conveying technology, belt conveyor, chain conveyor, bucket elevator, process control, monitoring and automation, quality assurance, laboratory automation, quality control, chemical and physical analysis, engineering, control systems and technology, cost reduction, optimization, energy saving, repair and maintenance strategies, occupational health and safety, dust and noise protection and filter technology, renaturation, rededication	08.04.–14.04.2019 bauma 2019 Munich/Germany 09.04.–11.04.2019 Powtech 2019 Nuremberg/Germany 28.04.–02.05.2019 61st IEEE-IAS/PCA Cement Industry Technical Conference St. Louis, MO/USA
ZKG 5/2019 Special Issue Russia		
ECD: 01.03.19 ACD: 05.04.19 PD: 02.05.19	Kiln process, preheater, cooler Kiln systems, preheater, kettle, shaft and rotary kilns, burner, burner technology, thermo scanner/dynamics, calciner, operating results from new kilns, add-ons, primary and alternative fuel, energy management, SNCR/SCR, filter, dedusting, waste heat recovery, explosion protection, combustion, process and operation, automation,	29.05.–31.05.2019 “White Nights” V. International Cement Business Conference St. Petersburg/Russia

	expert systems, maintenance, refractory, bricks and spraying compounds, emission control, GHG, clinker cooler and crusher, clinker storage, homogenizing and blending, silos, halls and domes, stackers and extraction systems, conveying technology, belt conveyor, chain conveyor, bucket elevator, compressors, blowers, fans, laboratory automation, assurance system, quality control, analysis, online analysis, information systems, occupational health and safety, noise, drive technology, gear units, lubricants	
ZKG 6/2019		
ECD: 03.04.19 ACD: 09.05.19 PD: 03.06.19	Grinding, packaging, shipment Grinding aids, cement mills and mill design, wear protection, efficiency, silo technology, homogenizing and mixing, multi-compartment silos, dome, storage, extraction systems, metering and weighing technology, engineering and control systems, instrumentation and information management, control schemes, process monitoring and automation, process control, automation and quality assurance systems, laboratory automation and quality control, chemical and physical analysis, online analysis, particle measuring technology, pneumatic transport, blowers and fans bagging technology, packaging materials, palletizing technology, shrink-wrapping plants, dispatch systems, dispatch automation, logistics, loading equipment and filling plants, shipping, loading and unloading, self-unloading ships, measures for energy savings, optimization and cost reduction, occupational health and safety, emission control, noise, dedusting and filter technology, maintenance	
ZKG 7-8/2019 Special Issue Asia China India		
ECD: 05.06.19 ACD: 12.07.19 PD: 05.08.19	Alternative raw materials & fuels Waste management, identification, pre-treatment: NIR-Systems/shredding, screening, windshifting, metal-separation, quality assurance, handling, storage, feeding, dosage, conveying systems, co-processing: preheater/burner, pyroprocessing, emission control, alternative raw materials, alternative fuels, filter, dedusting, waste heat recovery, environmental technology, sustainability aspects	
ZKG 9/2019 Special Issue ICCC		
ECD: 02.07.19 ACD: 09.08.19 PD: 02.09.19	Raw materials cement, lime, gypsum – Drymix mortar Construction chemistry Cement, lime, gypsum, drymix mortar, alternative binder systems, chemistry, additives and compositions, aggregates, chemical and physical analytics, laboratory automation, online analysis, information systems, quality control and assurance, metering and weighing technology, conveying technology, alternative raw material, sustainability aspects, packaging, shipment, dispatch, application	16.09.–20.09.2019 15th International Congress on the Chemistry of Cement (ICCC 2019) Prague/Czechia September 2019 VDZ-Jahrestagung Düsseldorf/Germany

ZKG 10/2019
Special Issue ILA | TCMB

<p>ECD: 02.08.19 ACD: 09.09.19 PD: 01.10.19</p>	<p>Extraction, preparation, storage Quarrying, geological survey, drilling, blasting technology, excavators, vehicles, heavy lorries, frond-end-loaders, crushers, mobile and stationary crushing plants, extraction systems, stacker, storage, discharge, reclaimer, halls, domes, homogenizing, blending bed technology, blending, homogenization analytics, comminution technology, mills and mill design, classifier, wear protection, drive technology, gear units, lubricants, metering and weighing technology, conveying technology, belt conveyor, chain conveyor, bucket elevator, process control, monitoring and automation, quality assurance, laboratory automation, quality control, chemical and physical analysis, engineering, control systems and technology, cost reduction, optimization, energy saving, repair and maintenance strategies, occupational health and safety, dust and noise protection and filter technology, renaturation, rededication</p>	<p>09.10.–11.10.2019 ILA General Assembly and Information Exchange Forum Buenos Aires/Argentina</p> <p>08.10.–11.10.2019 15th TCMB International Technical Seminar and Exhibition Antalya/Turkey</p>
