

Table 1 Scheduled papers

1. Bypass-Dust-Treatment	Wilfred Zieri - Sales Manager	A TEC Production and Services GmbH from AUSTRIA
2. Six years of operating experience with P84 filter bags in the kiln filter of UCC in Ras Al Khaimah	Dr. Georg Rathwallner - Sales & Applications	Evonik Fibres GmbH from AUSTRIA
3. Innovative filter technology - Case Study Yamama	Ruggero Baldi - Regional Sales Manager	Scheuch GmbH from AUSTRIA
4. Cement Industry Pollution Control - Solution Introduction	Ni Weidong - Secretary General - China Cement Association	Sino Environment Engineering Development Co., Ltd. from CHINA
5. Double Lifetime of Cooler Plates thanks to composite materials. Examples in the Middle East	Willy Sonnet - Sales & Marketing Manager	MAGOTTEAUX EAST MEDITERRANEAN from CYPRUS
6. Automation Technologies enabling an Intelligent Collaborative Environment	John Lionel Dicom - Sales Manager, Automation	FLSmidth from DENMARK
7. Brief introduction to FLSmidth's Operation & Maintenance (O&M) concept	Samir Idris - General Manager, O&M Sales & Implementation	FLSmidth from DENMARK
8. Conversion of main ESP to bag house at Alexandria Portland Cement Co.	Eng. Ahmed Ismail Riad - Planning & Follow-up Manager	ASEC Environmental Protection Company "ASENPRO" from EGYPT
9. Getting more from your ball mill with TSV™ high efficiency classifier	Loic Pottier - Area Sales Manager - Equipment	Fives FCB from FRANCE
10. Near zero leak kiln seals using graphite blocks technology	Anis Haider - President	Iteca Socadei from FRANCE
11. Benefits of Rebuild versus Newbuild	Peter Mueller - Service Manager	AUMUND Foedertechnik GmbH from GERMANY
12. BEUMER Group – Group development and new products	Wolfgang Schulte - Senior Sales Engineer	BEUMER Group GmbH & Co. KG from GERMANY
13. Expanding the clinker grinding capacity at Sharjah Cement (UAE) - a case study	Tim Nowack - Manager Process Technology	Christian Pfeiffer Maschinenfabrik GmbH from GERMANY
14. ETA cooler unit for revamping of existing inefficient grate clinker coolers	Jens Garbe - Territory Sales Manager	Claudius Peters from GERMANY
15. Processing of alternative fuels – State of the art and innovations	Dr. Luigi DI Matteo - Managing Director	DI MATTEO Group from GERMANY
16. How to reduce your fuel costs while delivering high quality cement!	Dipl.-Ing. Frank Steffens - Sales Manager	Durag Process & Systems Technology GmbH from GERMANY

17. Cost saving transition from gas and oil to pulverised solid fuels. A gravimetric feeding story from FLSmidth Pfister GmbH	Dipl. Ing. Hassan Jradi - Area Sales Manager	FLSmidth Pfister GmbH from GERMANY
18. Frey Cement Consultancy Expertise - Project Management philosophy	Edgar Hovorka - Management Consultant	FREY Cement Consultancy Expertise GmbH from GERMANY
19. Does your brand speak for you?	Bader Alshathry - Sales Director MENA Region	FRITZ & MACZIOL Group from GERMANY
20. Latest operation experience with MVR mills and Multi-Drive®	Dr. Caroline WOYWADT - Manager Process Department	Gebr. Pfeiffer SE from GERMANY
21. HAVER SpeedFlexx - the new way of high speed automatic truck loading for bags	Claus Ohlmeyer - Area Sales Manager	HAVER & BOECKER from GERMANY
22. Cement Qualities produced in LOESCHE Vertical Roller Mill Systems	Thomas Fahrland - Sales Manager Middle East/ Africa	Loesche GmbH from GERMANY
23. Latest developments on palletless stretchwrapped dispatch units for the cement industry	Sebahattin Akbas - Area Sales Manager	Moellers Maschinenfabrik GmbH from GERMANY
24. Alternative fuels and energy efficiency programs – Tools for effective cost reduction for the cement industry in the Arab World	Dirk Lechtenberg - Director	MVW Lechtenberg Projektentwicklungs- & Beteiligungsges mbH from GERMANY
25. PERILEX® CF – The new chrome ore free PERILEX®	Lars Vieten - Technical Sales Manager Africa	Refratechnik Cement GmbH from GERMANY
26. High-efficient Cement Grinding with POLYCOM and SEPOL PC - further development of grinding process with High Pressure Grinding Roll and first operational experiences	Dr. Aimo Haack - Project Manager Engineering Cement Production	ThyssenKrupp Polysius AG from GERMANY
27. Latest pyroprocessing technologies for high availability, WHR usage and high amounts of alternative fuels	Dr. Uwe Maas - Senior Manager Engineering Clinker Production	ThyssenKrupp Polysius AG from GERMANY
28. New gas cooling system replaces the air dilution scheme before the Bagfilter	Rajendran Nair - Director	Chemtrols Samil India Pvt. Ltd. from INDIA
29. Conversion from chain bucket elevator to belt elevator	Anirban Bhattacharya - Managing Director	Frigate Teknologies Pvt. Ltd. from INDIA

30. Role of Asset Management for Sustainable Development in Cement Manufacture	V K Batra - Dy. Managing Director	Holtec Consulting Pvt Ltd from INDIA
31. Positive impact of the blended cements to reduce consumption of natural resources	Nehrain Ph. Dankha - R&D Manager	Iraqi Cement State Company from IRAQ
32. FG6HP: New material for 1st chamber application	Michele Renai - Sales Engineer	Fonderia Carlo Gelli & F. srl from ITALY
33. Quality improver for optimisation of blended cements performances	Sanjay Bhome - Sales Manager Cement Additives - Middle East	MAPEI S.p.A. from ITALY
34. Waste Heat Recovery Based Power Generation Project	Eng. Muayad Matar - Technical Advisor & Project Manager	Najran Cement Company from SAUDI ARABIA
35. The Plug&Grind [®] - a new concept on mobile cement grinding	Fernando Duenas - Area Sales Manager	CEMENGAL from SPAIN
36. Case study: Record-breaking capacities with Siwertell at Houston Cement Terminal	Peter Goransson - Sales Manager, Advisor Cement Terminals	Cargotec from SWEDEN
37. ABB Cement Performance FingerPrint A Holistic Approach for Cement Industry	Thomas Marx - Head of Sales Department	ABB Switzerland Ltd from SWITZERLAND
38. Light-weight aggregates (LWA) based on Liapor quality - the building material for the future!	Dipl. Eng. Marek Dlugos - Project Sales Manager and Technical Consultant	MERTEC technology group from SWITZERLAND
39. Energy Optimisation in the Cement Industry	Ahmad Shahin - Mechanical Engineer / Project Manager	PEG S.A. from SWITZERLAND
40. CSI: an international platform to drive cement leaders in sustainable development	Dr. Philippe Fonta - Managing Director, CSI and EEB	WBCSD from SWITZERLAND
41. High Efficient Clinker Cooler – Fons Delta Clinker Cooler	Mogens Fons - Managing Director	Fons Technology International from TURKEY
42. Rotary Kiln Problems and Solution Methods	Zeki Ozek - General Manager	Ozek Makina Rotary Kiln Services from TURKEY
43. Turkish cement industry – Facts and Figures	Caglan Becan - Manager, Training and Evaluations	Turkish Cement Manufacturers Association from TURKEY
44. Business Head	Anil Parashar - Business Head	BINANI CEMENT FACTORY LLC from U.A.E.
45. Oxygen Enrichment in Clinker Kilns for increase in productivity and reduction in	Ayan Ganguly - Manager-Business Development	Praxair Gulf Industrial Gases LLC from U.A.E.

emissions		
46. Cement Industry in the UAE	Tareq Samaha - Commercial Director	Ras Al Khaimah Co. for White Cement & Construction Materials from U.A.E.
47. Preventive Maintenance of cement plant structures	Chetan R Raikar - Chairman & Managing Director	Structwel FZE from U.A.E.
48. SRF as a Fuel for the Cement Industry in the Middle East and North Africa	Dr. Richard Maslen - Process Engineer	Fairport Engineering Limited from UNITED KINGDOM
49. Global cement industry - current status and future trends	Robert McCaffrey - Editor	Global Cement Magazine from UNITED KINGDOM
